

3 DAY - EMERGENCY LESSON PLAN

1. Using the internet access the Occupational Outlook Handbook website located at URL (<http://www.bls.gov/ooh/>). In addition to the Occupational Outlook Handbook you may also use other websites with pertinent information.
2. ALL PERIODS: You will create a report with a total of 6 different careers. In order to help pace yourself you should expect to finish 2 careers per day.
3. Students can create the report using Google Docs or MS Word. If using Google Doc make sure to share your report with Mr. Diaz, and if using Word you will need to email your report to Mr. Diaz.
4. The report will be formatted based on the document template located on my weebly site. Each career reported on must be no longer than 2 pages and no less than 1 page.
5. The report must include the following information for each career:
 - a. Name of career
 - b. A description of the career
 - c. A description of the workplace environment
 - d. Average income
 - e. Explain if the career is growing or shrinking
 - f. Explain why this career was chosen.
 - g. Locate 2 openings for each career using any resource available on the internet (i.e. Career Builder website). The openings may be located anywhere on the continental U.S.
 - h. Print the job posting advertisements, write your name on the printout, and place in my inbox.
